Friends of Deptford Park	Y	Y	Comments: Signs - there are no signs of any use - many do not even know there are now toilets in the park! A café plus gallery - as there is nothing in the area at all - but some reservations about any more building in a small green space. Re-align the football fields so 2 could be side by side in the old running track area. General planting – in particular at the Scawen Road Entrance which is becoming a dumping ground. Plant creepers to cover the ugly fencing and barbed wire around the yard – the park looks like an industrial site! ( one comment) No areas for older people - the idea of making some pleasant planted areas with seating. Opening up the Memorial garden area and re-designing it – maybe a memorial to John Evelyn as there is nothing in the area. Foot paths - but all agreed no point repairing any until the design is done - although all felt it would not be fair to take this out of the money! Trees - maintenance - but should be done alongside the usual general maintenance. Question asked was - What if any is the annual spend/budget on the park?
Pepys Community Forum	Y	Y	Entrance at Evelyn Road could be re-worked to create a wider entrance; busy road to cross to enter park, no pedestrian crossing or island; lack of signage, identity in locality; playground is well used in the summer; residents do not want to see any improvements that can't be maintained; no one has looked at safety issues in the park; secret garden - suggestions to open up as entrance onto Evelyn St., new planting etc.; people would like to be able to picnic in the park; dedicated football use need to be well managed.

Pepys Estate T&RA	Y	Y	Concern regarding budget - long term maintenance and management of park and any improvements made
CATRA (Colonnade & Terrace T&RA)	Y	Y	A lot of space, not well used. Need to implement activities (proper facilities and training) for 12-16yrs, e.g. football (particularly girls); running track; summer climbing wall like last year. Older people wouldn't generally go to park - it is very flat and not much of interest. Safety issue - there have been assaults in the area, lighting is needed.
Crossfields Estate T&RA	N	Y	Engaged via Resident Involvement Team
LB Lewisham Resident Involvement Team	Y	N	Requested to be kept informed, main route of contact for T&Ras
LB Lewisham Parks & Open Spaces	Y	Y	Attended all consultation events
Glendale's Park Management	Y	Y	Park keeper attended all events; meetings with General Manager and Events & Marketing Officer
LB Lewisham Childcare, Play & Recreation	Y	Y	Play group runs on Saturdays from 10am-3pm and in School holidays, in the under 5's play centre in the park. Well attended especially in the summer. Parents/carers stay with children, often older children use park while parents in play centre. Playground very well used. Play Centre Manager talked of plans to develop the under5's play centre in the park to deliver a range of early years services such as health, education and play. She would like to see activities to suit all ages. She likes the new play area in Telegraph Hill.
Burgess United FC	N	N	Invited to make comment, no comments made
The Children's Society	Y	N	Do not use the park, only for lunches. Would like to see picnic areas and a café
